

# TREE FUND Report

Sept. 2013

## When trees fall in the (Davey) woods: Biomechanics Week 2

The TREE Fund was proud to sponsor Biomechanics Week 2013, a week of facilitated tree biomechanics research held August 12-16 at The Davey Tree Expert Company's research arboretum in Shalersville, OH. Hosted by Davey and the International Society of Arboriculture, the event concluded with a two-day symposium attended by researchers, technicians, students and tree care professionals from around the world.
