

Will Nutter joined Wright Tree Service in 1982 as a ground person and later held positions including general foreman and division manager before being named COO in 2008. Wright Tree has grown to become one of the largest vegetation management contractors in the U.S. and has been employee owned since 2002. Will is a past president of the UAA; served on the executive committee for many years and currently chairs the Safety Committee. He is driven to promote industry and public safety.
